SCIENCE  ON STAGE
UNITED KINGDOM

2026 SCIENCE 28-31 MAY ON STAGE KLAIPEDA, LITHUANIA FESTIVAL

Apply now for the national selection for the European Science on Stage festival on 28–31 May 2026 in Klaipėda/Lithuania! Primary school teachers as well as biology, chemistry, physics, mathematics, and computer science teachers are invited to describe their most innovative teaching ideas by 15 Sept 2025. Applications from prospective teachers in initial teacher education are also welcome.

GUIDING THEMES

All projects represent inquiry-based learning approaches.

- ★ **STEM for the Youngest** • Projects promoting STEM in primary schools for children aged 10 and under
- ★ **STEM Education for Sustainable Development** • Projects that contribute to the achievement of the 17 Sustainable Development Goals
- ★ **AI in STEM Education** • Projects that demonstrate ways to integrate AI into the classroom and promote understanding of AI
- ★ **Career Orientation in STEM Education** • Projects that demonstrate good practice in integrating career orientation into regular STEM education
- ★ **Equity and Inclusion in STEM Education** • Projects that reflect the heterogeneity and diversity of our society, e.g. teaching methods that engage students with different learning levels or different cultural backgrounds
- ★ **Self-directed Learning in STEM Education** • Projects that demonstrate approaches where the teacher acts as a facilitator, e.g. in a digital learning environment, or that can be useful in addressing teacher shortages
- ★ **Low-Cost Experiments in STEM Education** • Projects that can be implemented at low-cost
- ★ **Joint Projects** • Projects developed collaboratively by teachers, at least one of whom has participated in Science on Stage activity.
- ★ **STEM for Teachers in Training** • Projects developed during pre-service teacher education or student teacher placements

CATEGORIES

- ★ **Fair**
The fair is the main element of the festival, where all the participants show their projects and experiments at stands
- ★ **Forum**
Exhibitions made by partners, e.g. companies, organisations, foundations
- ★ **Social events**
Throughout the festival there are networking activities, excursions, evening receptions

In addition, teachers will be able to participate at the following programme elements of the European Science on Stage Festival 2026 in Klaipėda:

- ★ **Workshops**
Workshops are interactive hands-on sessions from teachers for teachers
- ★ **Highlight sessions**
At the highlight sessions, selected participants present their ideas on stage
- ★ **Networking events**
Different ways to connect with each other and exchange teaching ideas

CRITERIA

The ideal Science on Stage project:

- ★ is from teachers for teachers,
- ★ promotes inquiry-based learning,
- ★ has a high relevance to everyday life
- ★ is easy to implement in everyday school life and can be financed with reasonable means,
- ★ promotes education for sustainable development.

APPLICATION PROCESS AND FURTHER INFORMATION

Applications from UK teachers are managed by the Association for Science Education. Applications are made via a webform.
