

Dear Conference Delegate

The live timetable for the ASE Annual Conference Online from 6th to 9th January 2021 is now available by clicking on the link below

<https://ase2021annualconferenceonline.sched.com/>

The “Schedule” will appear in a simple format (bars across the page, colour-coded in accordance with the Type list below). At the top left-hand side of the page you can hover over the Schedule box to view the timetable in other formats according to your preference. Adjacent to the Schedule box is the Speakers box, which if you click on it will enable you perform a search. Adjacent to that is an Attendees box which holds information about all Attendees who are creating profiles for the event (not just speakers!)

There are a number of filter options to help delegates to decide upon their personal agenda across all 4 days, or upon individual days. The Sched attendees user guide can be found [here](#) including personalizing your schedule and using Sched on a mobile phone.

Once you have clicked on the link, you will see a number of options on the right hand side of the main page

- The **Search Box** at the top will enable you to search by session title or presenter’s name
- **Filter by date** will enable you to view each of the 4 days (International Day and Technicians Day are on Wednesday 6th January)
- **Filter by venue** merely sorts into the various Zoom Rooms. Room 1 is for Panels and Keynotes and Rooms 1 to 6 are for CPD Sessions. Rooms 7, 8 and 9 are for Exhibitors sessions. All Exhibitor sessions are preceded by the word Exhibitor.
- **Filter by type** includes a selection of colour-coded audience types including

-  11-19
-  All
-  Frontier Science
-  Futures (Saturday only)
-  Primary
-  Technicians (Wednesday only)
-  Audience

If you hover over any of the coloured dots representing **Type**, the themes (below) will appear and are clickable for sorting if required. The **Audience** icon displayed last on the list will enable delegates to further select a sub-set including 0-4yrs / 5-7yrs / 7-11 yrs / 11-14 yrs / 14-16yrs / Post-16 / Technicians / Advisors / FE/Skills / Futures / ITE if required. The **Recording Status** icon displayed towards the bottom of the list, will identify those sessions that are being either live recorded, pre-recorded or pre-recorded with a live Q&A.

Within the types are the **themes** including

- ❖ ASE Resources
- ❖ Assessment
- ❖ Curriculum & Progression
- ❖ Curriculum/Broad Science Education
- ❖ Exhibitor
- ❖ Models and modelling in science
- ❖ Practical science and science enquiry

- ❖ Real world science
- ❖ Research, including neuroscience and cognitive science
- ❖ SEND and EAL
- ❖ Science/STEM Capital
- ❖ Science subject leadership and professional learning journeys
- ❖ Subject specific CPD and teaching approaches
- ❖ Sustainable Development
- ❖ Vocational, including careers

These can help in selecting areas of interest across your day(s) attending conference and creating your personal agenda.
