

ASSOCIATION FOR  
SCIENCE EDUCATION

## WHY JOIN THE ASE?

### ASE Student Membership

We are proud to offer completely **FREE** membership for all those in their first two years of teacher training, across all UK teacher training pathways. By joining ASE, you'll join thousands of fellow science educators and secure invaluable support for your own professional development.

## MEMBER BENEFITS

### Community

Share ideas, network and get involved in a host of career and profession enhancing activities.

### CPD and networking events

Access our free or discounted professional learning and networking events including our annual conference.

### ASE journals

Access to either Primary Science or School Science Review (11-19 education) journal is included with your membership.

### Free resources and guidance

Access hundreds of resources via our member resources hub, curated for primary, secondary, post-16 and technicians.

### Advocacy

Advocate for improvements and change in the science education profession. Support us to champion science education.

### Professional recognition

As a licensed body of the Science Council, we are empowered to administer Professional Registration awards for RSci, RSciTech and CSciTech.

### News and updates

We regularly share opportunities, science education news and articles tailored to your interests and region.

### Discounts at Millgate Bookshop

Take advantage of an up to 50% discount on ASE and Millgate publications.

*'I have met so many great people through ASE and enjoy the opportunities to be together especially at conferences. My professional practice has improved through being a member.'*

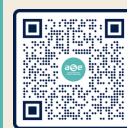

*'What is so great about ASE is that it is a great community. A very welcoming environment and it's really supportive.'*

## OUR PRICES
