

# Contents

Number 168 | May/June 2021

- 3 **Focus on... Healthy science**
- 4 **Notice Board**
- 5 **Integrating food into the curriculum**  
Verity Jones, Mat Jones and Dorte Ruge describe how education is the key to leaving food poverty behind
- 9 **Finding the fun in healthy living**  
Rachel Linfield explores where a healthy lifestyle and fun can go hand in hand
- 11 **Does your classroom help children learn?**  
Katherine Forsey advises on how we can optimise classroom spaces to improve learning
- 14 **Wonder Wild! Bringing philosophy into the science classroom**  
Nicole Green Vella and Lynda Dunlop discuss how philosophy and science can be taught together in the primary classroom
- 17 **I bet you didn't know ... What's new in PSTT's Cutting-edge Science in Primary Schools Project**  
Alison Trew and her PSTT colleagues have created 30 'I bet you didn't know...' articles and teacher guides which link cutting-edge science research to the primary curriculum
- 21 **Even the youngest children can learn atomic theory!**  
Ian Stuart demonstrates how atomic theory can be part of the primary curriculum
- 25 **A review of research that found teacher-centred pedagogy in a non-human context provided optimal learning**  
Ben Rogers reviews the findings of a recent study that compared different teaching approaches and suggests implications for practice
- 27 **Learning without limits and the importance of early engagement**  
A joined-up approach from Focus Trust shows how science has been improved across their schools
- 29 **Teaching adaptation: some tried and tested activities**  
Andy Markwick shares approaches to teaching adaptation across the primary age phase
- 33 **Oxygen, taken for granted for too long?**  
Keith Ross uses 'The tale of the tortoise and his nose' as a context for teaching about oxygen
- 35 **Reviews**  
Cover: Optimising your classroom space – page 11

# Primary Science

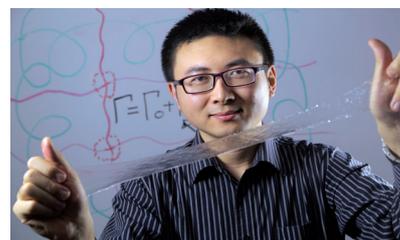

Editor **Dr Leigh Hoath**

Integrating food into the curriculum – page 5

Teaching about a healthy lifestyle – page 9

Cutting-edge science in school – page 17

Learning about atoms – page 21

Executive Editor **Helen Johnson**

ASE editorial contact **Jane Harrott**

Design/page makeup **Colin Barker ndd**
