

Droplet art – A starry night

Isobel Everest combines her love of chemistry and art to create her own version of Vincent van Gogh's *The Starry Night*

The design and colour plan

The prepared colours

The final picture on a plastic wallet

Watch an extract of Isobel's ASE 2022 Annual Conference session to find out how Isobel has used droplet art in her school at <https://vimeo.com/753817364/b504db3785>
For a colour key see www.ase.org.uk/ssr-resources
